Dear Dick:

I see your letter to me is dated the 2nd, but I have just received it. I hope this check reaches you in time to do what you wanted to with it.

I judge from your letter, you are feeling better and I am glad to know it.

We are having a league meeting in New York this week end, and I am sure at that time we will decide what to do if anything about the Major League situation.

Let me know if you received this OK. All this way send regards.

Very Truly Yours
